The Statistical Abstract of Andhra Pradesh, 1976 is the 20th in the series of this annual publication. It presents the data on various aspects of the State economy for the latest year with comparative figures for the preceding years. The district-wise break-up has also been given for most of the items for the latest year.

In this issue, some tables on agricultural holdings in the State have been included. The Comparative Statistics section also has been expanded to include the State-wise statistics on selected socio-economic indicators.

It is hoped that this publication would serve as a useful reference book to the general public, research workers and administrators.

I am thankful to all the Heads of Departments, both of the State and the Central Government, for their kind co-operation in furnishing the requisite data.

P.B.K. MURTHY,
Director.

Bureau of Economics and Statistics,
Government of Andhra Pradesh, Hyderabad.
22nd February, 1977.

@The decrease is due to the low generation at Machkhund because of poor inflow in the Jalaput reservoir, the generation at upper Sileru was low due to reduced discharges from Balimela reservoir and the utilisation of power by Andhra Pradesh was low from the T. B. Dam and Hampi Power Station.
